- **Function**

Clarifier and eliminator of colloidal particles in suspension that cause turbidity.

Helps eliminate turbidity and suspended particles.

Increases filter performance by retaining heavier, more compact flocs.

Effective over a wide range of pH and temperatures.

Recommended for shock and maintenance treatments.

## ▪ **Format**

- 5 Kg                      ARV0855
- 22 Kg                    ARV0856
